

Satin Stitch Elongation

The stitch width, stitch length, and amount of elongation of a pattern can be adjusted and combined to create machine embroidery-like patterns. Elongation is a unique feature available only with satin stitches.

Machine Settings:

Flower Petals

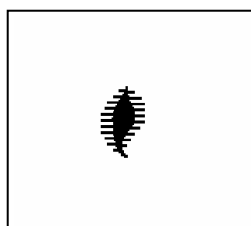

Stitch Width: 7.0

Stitch Length: 0.3

Thread Tension: 2.0 - 2.2

Elongation: x2

Leaves

Stitch Width: 7.0

Stitch Length: 0.3

Thread Tension: 2.0 - 2.2

Elongation: x3

Foot: Satin Stitch Foot F2 (Open Toe) or
Satin Stitch Foot F

Needle Thread: All-Purpose Thread

Bobbin Thread: Cotton or All-Purpose Thread

1. Select the satin stitch. Set the stitch width, length and elongation as above.
2. Place the fabric under the foot. Start sewing.

The elongation function is also available for the following stitches.
